

Field Guide to the Little People

A Curious Journey Into the Hidden Realm of Elves, Faeries, Hobgoblins & Other Not-So-Mythical Creatures

Nancy Arrowsmith

Illustrated by Sabrina the Ink Witch

Welcome back one of the most revered introductions to the lineage, appearance, general characteristics, and case histories of seventy-nine elf folk, including White Ladies, Red Caps, Church Grimms, Hobgoblins, English Fairies, Leprechauns, Sirens, Hey-Hey Men, and all of their strange and mythical kin.

For many years, this charming illustrated guide has been as elusive as a Will-o'-the-Wisp. This is the first opportunity for elven fans to once again own an English language edition—featuring more than eighty new illustrations by Sabrina the Ink Witch.

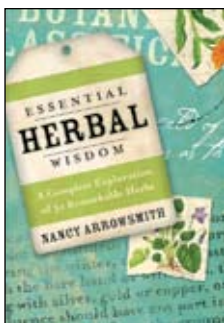

"Rationalists, materialists, be forewarned: the ancient forces governing earthly incident and momentum lie neither in our heads nor our economics, but, rather, in the revelations from *A Field Guide to the Little People*." —*The New York Times*
